WELCOME TO KUDOS

Kudos International is a name that has become synonymous with professional and comprehensive outdoor furniture solutions. Established in Dubai in 1990, we supply premium quality leisure furniture to international hotel management chains, property developers and residential customers throughout the Middle East region.

Leisure furniture defines and creates a mood, setting the ambience and enhancing the environment for all outdoor venues; from restaurants and terraces to pool bars and beach settings. Our knowledgeable and dedicated team are highly experienced professionals who work in partnership to expediently deliver complete outdoor furniture solutions according to your individual needs and requirements.

Our outdoor furniture ranges are designed and sourced according to excruciatingly high standards across production, quality, comfort, safety, durability and value for money, and accordingly we stand behind any product or service that we provide. Our specialised services include free of charge initial consultations and advisory, design and budgeting services, as well as after sales support and maintenance services.

With premises in Dubai and Ras Al Khaimah, our warehousing capabilities enable us to hold large quantities of furniture in stock. We offer fast turnaround and delivery times, and can often fulfil customer requirements on an immediate basis.

Over the past 17 years we have worked tirelessly to develop and expand our company to the point where Kudos International is regarded as a major force in the regional hotel and hospitality supply industry. We are justifiably proud of the reputation we have built for quality and service, and our focus remains on providing our customers with nothing less than complete satisfaction.
