WELCOME TO KUDOS

Kudos International is a name that has become synonymous with professional and comprehensive outdoor furniture solutions. Established in Dubai in 1990, we supply premium quality leisure furniture to international hotel management chains, property developers and residential customers throughout the Middle East region.

Leisure furniture defines and creates a mood, setting the ambience and enhancing the environment for all outdoor venues; from restaurants and terraces to pool bars and beach settings. Our knowledgeable and dedicated team are highly experienced professionals who work in partnership to expediently deliver complete outdoor furniture solutions according to your individual needs and requirements.

Our outdoor furniture ranges are designed and sourced according to excruciatingly high standards across production, quality, comfort, safety, durability and value for money, and accordingly we stand behind any product or service that we provide. Our specialised services include free of charge initial consultations and advisory, design and budgeting services, as well as after sales support and maintenance services.

With premises in Dubai and Ras Al Khaimah, our warehousing capabilities enable us to hold large quantities of furniture in stock. We offer fast turnaround and delivery times, and can often fulfil customer requirements on an immediate basis.

Over the past 17 years we have worked tirelessly to develop and expand our company to the point where Kudos International is regarded as a major force in the regional hotel and hospitality supply industry. We are justifiably proud of the reputation we have built for quality and service, and our focus remains on providing our customers with nothing less than complete satisfaction.

Damien Ford
Founder & Managing Director
Kudos International

Our Furniture Ranges

At Kudos International, our emphasis is on providing customers with total outdoor furniture solutions. We source and supply only the highest quality collections from around the world which meet our exacting standards, and also design and commission the production of our own furniture ranges in the UAE and overseas. We offer a high degree of customisation and all ranges are able to be produced in a variety of colours and sizes.

We also offer an inspiring and beautiful range of traditional and contemporary all weather wicker furniture. Beautiful, comfortable and durable, lasts for years and is ideal for any outdoor setting.

Please refer to our separate brochure for more information about this collection.

Teak

Made in Indonesia from the highest quality eco-friendly plantation timber, our teak furniture range is treated and slowly kiln dried to prevent warping or cracking. All individual components are machine-made to ensure exact replication and durability, as well as comfort and safety.

Cast Aluminium & Stone

Our exquisite cast aluminium and stone furniture range is made in South Africa and features ergonomic designs for maximum comfort and safety. Stringent testing and evaluation ensure that each piece of furniture conforms to quality standards and ensures long lasting beauty throughout the range.

Bespoke – Made in the UAE

To complement our imported outdoor furniture ranges we are pleased to offer custom design for any item of outdoor wooden furniture that you may require; from picnic benches and serving stations to timber gazebos and wooden decking.

Accessories

We also design and produce commercial quality furniture cushions and mattresses using fabrics by Sunbrella – the leading USA manufacturer of outdoor fabrics. Low maintenance, fade resistant and stain proof. These are offered in a wide range of designer colours, textures and weaves. We have a comprehensive selection of sun umbrellas in various colours and sizes in stock for use by the hotel and hospitality sectors, which can be branded as required.

Client Portfolio includes:
